In a world where the only certainty is the end of times, the Land of the Elden is located at the center of the conflict between light and darkness. A city built upon the ruins of an ancient kingdom, the Land of the Elden awaits the arrival of a hero to represent the light, fighting against the darkness that seeks to destroy it. A young man arrived at the gates of the Land of the Elden, the gateway to this great chaos. However, being unbecoming of the destiny of a hero, he is in the end corrupted by the darkness and exiled into exile. However, the fighting of the light still continues even now in the Land of the Elden. It is only a matter of time before the righteous hero arrives to step into the role of a hero. The role of a hero is given to the Tarnished by grace, with which they will be put to a trial. Tarnished are the heroes who hold the light in their hands and fight against the darkness. Though lacking in power and possessing only average skills, they will stand by the side of the battle to protect their comrades and serve their liege. Even if you are a Tarnished, you will be protected by grace and you will be able to search your way towards achieving the role of a hero. ■ Characters
