A word about ASoC setup file As we know, based on your own tests, the initial ASoC installation file can be around 2GB. Once you unzip it, the extracted files will occupy a lot of space, and the installation file itself will be too big. This is because the entire system is isolated into two partitions, "efi" and "ubiquity" respectively. Noted that I have set the "efi" partition as / and the "ubiquity" partition as /home. The path refers to the C drive, where Windows resides, in which the EFI partition is associated with /efi. In this scenario, we think the "efi" partition will occupy as much space as your RAM. For example, if your RAM size is 8 GB, the maximum "efi" partition can't be more than 8 GB. However, I can't expect you to have 8 GB RAM size on your notebook, and this is not so practical to set your RAM size as big. Then, what do you do? The easy approach is just to delete the "ubiquity" partition, and it can be easily done using GParted. However, in this way, you may lose all the data which are stored in the "ubiquity" partition such as Wubi boot loader data, Ub b7e8fdf5c8

Arrested teen left dozens of incidents on social media INDIANAPOLIS, Ind. (WISH) — Court documents show a teen confessed to, in part, leaving nearly a dozen incidents of vandalism at schools across the metro area. The Indianapolis Metropolitan Police Department says the suspect, a freshman at Marian Catholic, was arrested on Saturday, June 30th. “We get to middle of the year, and we see that there’s been hundreds of incidents around the county and it’s pretty evident that this individual is responsible for a large number of these,” IMPD Det. Brian Wartman said. Court documents show the teen was charged with attempted residential entry. He also was charged with possession of alcohol by a minor, underage drinking, and underage consumption. His Facebook page reveals he likes UFC, Trivial Pursuit, video games, snooping, and more. In IMPD documents, police say they believe he would have gotten into the homes, but the victims were not at home. “Some of the time he may have been looking for answers to his feelings and to some of the stuff that had happened in his life and it was happening to him,” Wartman said. He also is accused of spray-painting the words “Bitch,” ❖
