Chris and Asura touched weapons in hand and struck again. Chris: "Pretty cool!" "Yeah, it is." Asura: "Chris, Asura!" "Hmm?" "Give me your Silt Sickle." Asura picked up the Silt Sickle, he held it in his hand, he looked down at it a bit. Asura: "Oh, the cleverest weapon? You said you were going to pick one of three weapons, yes? This is the third, right?" Chris nodded. Asura took out a piece of paper from his pocket. Asura: "I made a poll, and I found that, this is the most popular. Other two are, I guess, not very useful for the final boss." Chris: "Probably not." Chris looked down at Asura's paper, he held out his hand to read the poll. Chris: "Silt Sickle, best weapon?" Asura: "Yes. Best. Of. Course. It's.." Chris: "Leave it to me, swordsman..." The voice, Asura could not ignore it, "The one who wields wisdom, Chris, I am honored that your vote is the Silt Sickle." "Thank you." CHAPTER SEVEN "I am honored, Chris. Sword

What's new:

what is Overwatch, why do say want it, and what does it have to offer? Overwatch is the hot new competitive online multiplayer fps game. Why would I buy it? Overwatch is a competitive multiplayer rpg where you can level up and get equipped. There are no pick up sessions where you need to go]]> The Soul i love, Shadow i fear.There is a pebble in my shoe that I cannot squeeze out.I want to tell you just how I feel,But I'm afraid. You see, a storm is brewing,And it ain't gonna stop until it's all gone. SHADOW I prowl the dark places of the world,Making terrible prophecies of coming doom.Make no mistake when I say that I am the fearsome Dragon,That it falls on those who cross me to have their skull crushed. This is the second Char-Chaz chat post that I've made. By the way, this is a great RPG. I've been playing the game, and it's fast-paced, has action with a variety of environments, and a lot of variety in the classes. There is sword fighting, shield use, magic, and the ever-present shooting. I'm on level 81, and easily make it to level 1000, which gives a good game. I highly recommend the game! I already posted up a bit on the game here to save you some time if you haven't played it. If you're new to the game, it's recommended that you start from the very beginning, and skip to the top of the page for a complete walkthrough of the game. THE GIRLS OF LOWERDYNAMO - Although I'm not much for add-ons, I still wanted to add this. The girls of LOWERDYNAMO are playable sidequests, but I don't consider them to be so much as a full-fledged character. They're some lovely characters though. I've been a bit inactive the last week, but this weekend has something exciting to me. I'm going to a Super Smash Bros tournament on May 23rd in Los Angeles, which will be the first time I've gone to a video game tournament. And I'm excited! I recently bought my 4DS, and I've been playing some fun games on it such as Animal Crossing and Smash Bros. On one hand it's nice to have new 3D capabilities, but on the other, I feel

On the 22nd of September 2016, the game was announced to be in development, with an initial release scheduled for November 2016. The game is produced as an enhanced port of the original BlackBerry OS game of the same title, released in 2010 by Kudo Tsunoda and developed by THQ, published by THQ Nordic. The gameplay is said to take place "in the Lands Between", in a medieval setting that has similarities to the Forgotten Realms setting of Dungeons and Dragons. The development team has described their goals for the game as to "create an experience that transcends between gameplay, story, and character." Rather than being considered a port of the BlackBerry game, EL-DEN RING's development has been described by the game's lead developer as a "new chapter in the development" of the game. Gameplay is said to have elements of role-playing, adventure, action, strategy, a mix of real and virtual combat, and exploration. Players are able to freely develop their unique character, whether in storytelling or combat. While on quests or in combat, players can freely roam the large, open world of the Lands Between. EL-DEN RING's presentation is said to have a "classical hero's journey" inspired by the gameplay, with a strong emphasis on exploration and the creation of one's own story. The game is said to take place in an open world setting, where it is possible to freely roam around and interact with the world's living creatures and environment. Players are able to freely travel through all areas

Additional Notes: Some of the combat elements of this mod are modelled from various other source mods, notably, From Ashes, and the mod Fury and Freedom by Basket of Tricks. I have also made changes to the story, as well as to certain areas of the game. I would like to thank all the modders I have referenced, as well as the mod authors of From Ashes, Fury and Freedom, and where, Everyone and Everything, for providing information, inspiration, and interesting ideas. I hope that the mod I have created lives up to the
