## Windows 10 Upgrade: On-Screen-Keyboard Touchscreen Fix

---

If your touchscreen is unresponsive or not working as expected, try restarting . Install all available updates and, if necessary, restart your computer. If after these steps it still doesn't work, contact your manufacturer's technical support. There are several different ways to download . If you can't boot into , then make sure your operating system is working and try to restore it. To restore from a DVD-ROM, run the installer. This is usually done automatically using the "Next" button. If it doesn't, run the installer from the installation disk or bootable flash drive.
