On this day I think that I shall to bed, I have been up since 3 this morning. I have just read some interesting stuff, the doctrine of election is that the candidate that wins and then goes into office and their term in office is elected and expires after so many years or they are not in office with the usurpers term in office is all the time until the terms of office is up. If they get kicked out or no one else will take them out the usurpers term in office will go on and on and on. There is a the doctrine of election that is heretical in our day and time and is a real danger to our freedom and liberty. How about this at least a little in the bank right now. Please check this and see for yourself. Im not a bible thumping antigovernment conspiracy nut. I am a Constitutionalist and a True Southern Gentleman. Not in the good old days but many think it is still in the good old days and they thought that they were living in the good old days of slavery and satan and there are many degenerates and demons still in our old world that hates the truth. It is time that we put an end to the evil ways of the democrat party and the socialist party and the rest of the socialist controlled political machines of our world. I was talking with one of my followers who was trying to get information on how to change the name on the forum to Hottstuff. The evil infidels that run the democrat and socialist party in this country hate anyone with whom they disagree and the democrats and socialists are just the enemy of all true citizens of this nation. We have to expose them and we have to defeat them. It is time that we fight the good fight. The American people are the most intelligent people in the world. If we do not fight for ourselves and our republic and do the things we need to do to make America great again there will never be the America we grew up in the good ol days. Bless you and keep fightin. Charlie in Texas. Previous 1 Next THE GOVERNMENT OFFICIALLY STATED THAT THEY MEAN BUSINESS THIS YEAR!
